Why we need the Children's Neighborhood...

Children in Crisis, Inc. is a 501(c)(3), non-profit charity of caring people working together to provide homes and keep brothers and sisters together. We provide for the abused, neglected, and abandoned children of our community.

There is a severe shortage of foster homes in our community. There are over 1400 foster children per year in Circuit 1 that need a home and there are only 330 Community Foster Homes with a total of 675 beds.

Before CIC there was no emergency shelter in Circuit 1 for young children removed from an unsafe environment on short notice. Our children live in a safe, stable nurturing home in a local neighborhood environment.

Many foster children are moved from home to home— some as many as ten times per year. But the Children's Neighborhood provides a home and hope to about 100 children each year.

45% of foster children were separated from their siblings due to foster home shortages. At The Children's Neighborhood, sibling separation is minimized and it is our priority to keep brothers and sisters together.

The Children's Neighborhood

The Children's Neighborhood, a beautiful facility built by the generous support of our community, has an emergency shelter for children who are removed without notice from an unsafe environment, and a family foster home for young children. The Children's Neighborhood helps with the severe shortage of foster homes in our community .
